Message from The Principal

As the early childhood educator Maria Montessori rightly said, "The most important period of life is not the age of university studies but the first one, the period from birth to the age of six."

Formative stages of learning are very essential periods in a child's life and should be given much focus and attention for numerous reasons.

In the grand tapestry of child's education, significance of pre primary education lies in

- Building a strong foundation
- Preventing learning gaps
- Cultivating love for learning
- Parental involvement

We at Vedanta create an environment that fosters healthy competition that incessantly improves learning outcomes and ensure fostering inclusion. In order to ensure the success of future generations, it is the parents' responsibility to optimize the early years of their children's education. It is the most powerful investment they can make towards ensuring a bright future for themselves.

S.Maya
Principal

“If a child can't learn the way we teach, teach the way they learn” -Ignacio Estrada

We at Vedanta follow thematic curriculum which includes constructive play and activities that promote positive and happy learning.

We provide activity based learning that contributes to the students holistic development including physical, cognitive , language and socio- emotional domains as well as acquisition of life skills, attitudes and values.

As a team we believe in moving ahead with all our stakeholders and strongly feel that education is a shared commitment between dedicated teachers, motivated students and responsible parents.

Together we shall make Learning a Joyful process.

B Deepa
Pre Primary Coordinator

Animals

What did our Chingums learn this month?

- To share, care and show empathy towards animals.
- Identify and say the sounds made by letter H/h and I/i. Relate pictures and objects with letters.
- Identify, order and develop a relationship between numbers and objects.
- Trace and write the letters and numbers independently.

Activity Time

Role play of Old Mc. Donald

Hey! Tiny tots
are singing
about us

This activity helped children connect with the characters of the rhymes and their habitats, develop their language skills, and also learnt to associate words with actions, enhancing their comprehension skills.

Activity Time

Matching letters with pictures

The activity focusses on letter recognition and relating with objects, and establishing cooperation amongst peers.

Activity Time

Associating numbers with its quantity

Can I join
with you!

The activity helped children develop Fine Motor Skills, identify the numbers, and to associate with its quantity thereby achieving the learning outcome.

Activity Time

Building an Imaginary House

The activity connects the story 'Malar's Big House' from Pratham with Indian Context. Children imagined themselves to be Malar (Major character of the story) and constructed a house with cups.

Creative Corner

Children colouring the cutouts of animals during art time

Work in
progress

outcome

Field Trip

Location: Children's Park

The students of PP 2 and PP 3 were taken for a field trip to the Guindy National Park. The objective of this trip was to provide authentic and experiential learning opportunities where students could connect with what they had learnt in the classroom.

What's coming up next month?

Diwali Celebration- 29-10-2024,Tuesday

Thank you!
